Voice Recording

Experience

NOVEMBER 2025 – JANUARY 2026

Digital Annotation Expert / Mercor; Remote

- Audio Transcription: Counted intelligible speakers, described persistent speaker attributes (gender, accent, voice quality), corrected transcripts and inserted non-verbal vocalizations, and assigned transcript tokens to speakers
- Image Annotation: Performed entity tagging, object counting, region editing evaluation, and OCR tasks on various visual media
- Quality Standards: Maintained defect rate below 10% threshold, with work evaluated on a 4-level scale (Bad/Fine/Good/Excellent), contributing to reliable training data for model fine-tuning and preference optimization
- Followed project guidelines to promote consistency among raters, ensuring reliable evaluations
- Attention to Detail: Delivered high-quality submissions with attention to detail and consistency

AUGUST 2025 – NOVEMBER 2025

Audio Model Trainer / Mercor; Remote

- Performed daily preference ranking of hundreds of multimodal AI outputs (images, audio, and video) against prompts to evaluate model performance and alignment
- Compared alternative outputs and selected the highest-quality result to enhance model accuracy
- Provided tags and annotations to support training and benchmarking efforts, improving data quality
- Followed project guidelines to promote consistency among raters, ensuring reliable evaluations
- Worked independently and asynchronously to meet deadlines and improve AI model performance

APRIL 2025 – CURRENT

Freelance Mobile Game Tester / Playtest Cloud; Remote

- Assessed gameplay functionality, providing feedback to developers

JANUARY 2023 – CURRENT

Project Contributor / Appen; Remote, Kirkland, WA

- Learned and adapted quickly to new technology and software applications
- Identified issues, analyzed information, and provided solutions to problems
- Provided input on content viewed on websites

OCTOBER 2021 – AUGUST 2022

Audio Engineer / Reel Audiobooks; Freelance/Remote, Nashville, TN

- Collaborated with producers and engineers to create audio recordings
- Edited and proofed audio for editor/client production
- Edited and proofed audio before final distribution

SEPTEMBER 2007 – MARCH 2020

Production Assistant/Audio Engineer / Directions AV, Schaumburg, IL

- Regulated volume level and sound quality during recording sessions
- Recorded, mixed, and edited voice, music, and/or taped sound effects for pre-recorded and live recorded events in digital formats
- Worked with video editors to synchronize audio with video segments
- Transformed video and audio recordings into digital formats for editing, archiving, and post-production
- Operated teleprompter for shoots and pre-recorded rehearsals
- Edited video and designed interfaces of DVD menus and labels
- Assisted in reception and administrative duties during client visits
- Programmed graphics and videos into the Watch Out software

APRIL 2009 – JUNE 2009

Assistant Sound Engineer / Driver's Ed Mutiny; Independent Film, Schaumburg, IL

- Replaced and synchronized audio to enhance dialogue and sound quality

Education

Bachelor of Science / Audio Production

SEPTEMBER 2011 | ILLINOIS INSTITUTE OF ART-SCHAUMBURG – SCHAUMBURG, IL

Bachelor of Fine Arts / Digital Media Production

JUNE 2007 | ILLINOIS INSTITUTE OF ART-SCHAUMBURG – SCHAUMBURG, IL
